

Last Post: The Final Word from Our First World War Soldiers

From the author of the best-selling *Forgotten Voices of the Great War* comes a final look at the last 21 living British veterans of the First World War. These interviews, conducted in 2004, will never be repeated, as the youngest was 106 years old, and most are now gone. These first-person accounts follow the young soldiers from their homes throughout Britain to the raging battles while in the service of the Royal Field Artillery, Black Watch, Royal Navy, and others. These combat experiences should never be forgotten.
