

Melting the Ice (Silhouette Intimate Moments)

Hannah McGuire's resort-town life had been quiet, happy and safe. Until her best friend was murdered and the investigation forced her into a partnership with Dr. Rex Logan, the man she had loved, lost and been hiding from for six years. Rex had put Hannah's life in danger once before. Now he had to face her again, and this time, to protect her, he was staying close. Working to expose a terrorist secret that could threaten global security, Rex was defenseless in the face of the powerful passion that still simmered between them. But was passion enough? And when Hannah told Rex her own secret that she had borne him a son, would she put all their lives in grave danger?
