

## Montana Hearts (The McPhee Clan Book 1)

A safe and stable life, that's what Daisy McPhee is wishing for. But when her wagon breaks down leaving her and her four sisters stranded in a cruel storm, she starts to think her fortune is never going to change. Until a tall, dark and handsome stranger comes to her aid. With his strength and integrity, he could be a knight in shining armor like the fairy tale stories she used to dream on. Too bad she's given up believing in storybook heroes because this man could make her want to believe. She needs a fresh start, not to be drawn by his kindness. Beckett Kincaid doesn't want to fall for sweet and beautiful Daisy McPhee. She's inherited the ranch that by rights should be his. He ought to be bitter, he ought to be holding a grudge against her instead of laughing with her in the rain. Her gentleness fills his heart with the kind of love he never thought he'd feel, and she makes him long for a future that simply can never be.
