

Tell Me You Love Me

When Sheldon Ford walked into her life, Tyanna Montgomery thought she had been carried up to heaven on the strong wings of a sexy black angel. But when he disappeared, she came crashing down to earth. Now hes back with some wild tale about having been undercover to take down a Miami mob-boss -- which means hes either big trouble or flat-out crazy, and either way Tyanna should let him go. But damn if the man doesnt still make her heart race and her body ache with wanting him! Sheldon should never have returned -- and now hes put his sweet woman in serious danger! But living without Tyannas loving would not be living. Though she doesnt believe a word of his story, that doesnt make the threat less real -- and hell protect his ebony queen to his last breath. But will she still want him when she realizes that taking a chance on this love means risking a lot more than her heart?
